

Bread Server

Depending on your preference, you may be strolling among the guests passing out bread or staging bread at one of two wine tents. Please make sure to follow the directions of the volunteer coordinator for the event.

If you are a strolling bread volunteer: Make sure you are covering the crowd. Look for areas that are not being served and fill-in. The main purpose for strolling bread volunteers is to get food into the hands of patrons as they wait in line for the main entrees. From approximately 6:00-6:30 PM concentrate in the area where people are entering the event.

As soon as they obtain their wine glass ask if they would like some bread. Anyone who wants bread may have some, they do not need a wristband. When your basket is empty, fill up at one of the two wine staging tents. *Do not* walk with another bread server; however, you may team up and walk with a wine server.

If you are a staging volunteer: Be prepared to cut the bread into bite size portions. If the bread is already cut, you will be responsible just for filling the baskets of strolling volunteers as needed. *Do not* serve guests from the staging tent. Depending on your preference, you may be strolling among the guests passing out bread or staging bread at one of two wine tents. Please make sure to follow the directions of the volunteer coordinator for the event.
